GLS Ground (CPS)

Our Ground service provides expedited ground parcel delivery to ZIP codes in our service area. Please visit our website for ZIP code lists and specific transit times.

Rates are stated in USD(\$). Rates subject to change without notice and do not include fuel surcharge and/or additional accessorial service fees. For a full list of accessorial charges please visit our website.

Shipment charges are calculated on a per-piece basis. Any fraction of a pound over weight shown takes the next highest rate.

The calculated dimensional (DIM) weight may be applied when such weight is greater than the actual package weight. The formula used for calculating the DIM weight of a package is (length x width x height) / 166. DIM weight pricing only applies when a package is 5,184 cubic inches or greater.

For a full set of shipment tools please visit us online at:
